Make your own Big Booky Breaktime bunting for displays and decoration. Photocopy and cut out the number of flags you need, using this template, then colour, collage or write your own short stories to decorate.

To hang, lay out your decorated flags in a line and place a length of twine (which is longer, to give you enough twine to hang it up) along the dotted line of each flag. Glue each of the flaps closed around it and your bunting is ready to hang.
